1900

SURVEYORS NOW BUSY EXTENSION ALLEGHANY LINE

The surveying crew of the Pacific Gas and Electric Company is now working southeast from Alleghany spotting out a right of way for the new power line extension to the Spanish and Gaston Ridge mining properties. All that remains to get actual construction started is for the securing of the rights of way and the estimates of material needed. It is estimated that sixty days after construction is started will see the line in operation.

With the line at present to the Irelan mine, the German Bar, Twin Sister and Hegarty properties represent a considerable portion of the distance to be covered. District Forester R. L. P. Bigelow has stated to The Nugget that the Forest Service will be glad to cooperate in the matter of rights of way over lands under its juridsiction, so that there should not be much delay as regards rights of way.

The line is to be new construction from Alleghany as the present line as far as the Irelan is not in good repair, having been out of use for some years.

This piece of construction which has been made possible by the Fred W. Bradley interests signing a contract for the use of large amount of power for operating the extensive Spanish properties will prove the biggest boon to increased mining activities that could have happened to Nevada county at this time. Already one group of properties along the new line which has been dormant is expected to be opened up as soon as power is available and it is the prediction of this paper that the East Belt is going to see a great revival of activity somewhat akin to its former greatness.

POWER TURNED ON SATURDAY YELLOW JACKET

Power was turned on at the Yellow Jacket property Saturday and the millis being started at once on excellent ore which had been blocked out prior to the closing of the property some months since. A crew of men has already been put to work and it is expected that development work will proceed apace as the plant gets fully under way again.

Charles E. Trezona of Los Angeles, Charles E. Ferreira and G. G. Barney of Oakland were in town Saturday atfernoon on their way to the property to see the wheels start turning and to spend a few days on inspection. Firreira is a director of the Alleghany El Dorado company, owning the properties.

Just prior to closing, in fact the las tround of shots in raises Nos. 1 and 2 opened up some fine specimen rock which appears to be a connected one betwen the two raises from the tunel. Superintendent B. A. Reber will be in charg eof operations at the property and is confident that he will open up a mine which will make gold mining history.

The former Gillespie holdings which include the Yellow Jacket, Colorado, Colorado Extension, Osceola, and Osceola Extension claims cover a large extent of territory adjoining the famous Sixten to One property which has produced so much bonanza ore and is today the greatest high grade producer in the world.

TUNNEL IS BEING RUN SWAMP ANGEL MINE

A tunnel is being run at the Swamp Angel mine at Lowell Hill at the present time. A small crew is regularly employed. C. E. Martz, Jr., is in charge of operations. The Lowell Hill district is gradually assuming a more active appearance.

Congressman Englebright Presenting Ore From Reward Mine To President Hoover At White House As Reminder Of His Early Days Spent In Nevada City Getting Experience

THE PRESIDENT MAINTAINS A LIVELY INTEREST AND ASKS AFTER OLD TIME FRIENDS AND MINING AFFAIRS

One of the outstanding features of the year at Washington, the Nation's capital, from Nevada City's standpoint at least, was the presentation of a paper weight to President Herbert C. Hoover, made from ore taken from the Reward mine where the President, as a young man got his start as a mining engineer and which later led to the highest gift within the power of a hundred million people to bestow. The presentation was made June 12th last at 11:45 a. m. with Congressman Harry L. Englebright in the capacity of spokesman. The ceremony took place at the President's desk in the White House and accompanying Congressman Englebright were the members of the California delegation.

The commission to secure the ore first came from the Sacramneto Chamber of Commerce to Nevada City and it was mounted and sent to Washington with the following letter:

Congressman Harry L. Englebright,
House of Representatives,
Washington, D. C.,

My dear Mr. Englebright:

A few days ago we sent you a desk weight which we would like to have you present to the President on behalf of the Sacramento Chamber of Commerce and the Chamber of Commerec of Nevada City.

The ore is from the Reward Mine near Nevada City, in which Mr. Hoover worked as a miner when a young man. We understand that this was his first mining job. It is therefore of interest as the starting point of a great career. The ore is high grade and will run several hundred dollars to the ton.

Set in this desk weight is a replica of the original Marshall Gold Flake, which is now in the Smithsonian Institute in Washington. This flake of gold was discovered by James Marshall at Coloma, January 24th, 1848. There are only two other replicas in existence, one owned by the Sacramento Chamber of Commerce and the other by Congressman Curry.

As a mining engineer and one who comes from the district where Mr. Hoover started his mining career, it is most fitting that you should make this presentation to the President. I will appreciate your getting in touch with Walter Jones and arranging for a picture of the presentation, if possible. We would like to have a copy of the photograph, together with any statement which the President may make. I assure you we will appreciate most sincerely your acting as our emissary.

Yours very truly,
Arthur S. Dudley,
Secretary-Manager.

Agreeably to the request, Mr. Englebright made the following happy remarks as he presented the token.

MR. PRESIDENT:

"I have been requested and delegated by the Sacramento Chamber of Commerce and the Chamber of Commerce of Nevada City ,California, to present to you with their felicitations, this desk weight. It is fashioned from high grade gold bearing ore taken from the Reward Mine in which you labored as a miner during a portion of your residency in Nevada City, just after you graduated from Stanford University. Mounted upon the quartz is a replica of the original nugget of gold found by James Marshall on January 24, 1848, at Coloma. To the people of Sacramento and Nevada Counties, this desk weight is therefore symbolical of two outstanding events in the history of the State of California,-that of the discovery of gold and the starting point of the career which lead to your being elected President of these United States. This gift from these pioneer communities is a humble expression of their affections for you and of their loyalty to you as their President. It also carries with it their best wishes for your success and future welfare, as can only be expressed and understood, in the terms, traditions and sentiments of the miner".

The remarks made by President Hoover as he accepted it, show only too clearly that he maintains a warm spot in his heart for Nevada City, the scene of his first labors after graduating from Stanford University. His remarks were as follows:

"This souvenir from the Reward Mine at Nevada City, to me, is a very touching gift and it was very thoughtful of the people of Nevada and Sacramento counties to send it to me. I will keep this ore from the Reward Mine on my desk where it will constantly remind me of the people of those pioneer mining communities and of the beginning of my mine career at Nevada City. I know of nothing that could so constantly awaken my sentiments as the daily presence of this evidence of California affection and so vividly recall to me my valuable and happy associations with the miners of Nevada City. I hope that you will remember me to any of my old friends who worked underground with me at the Reward Mine and who still live in your home town, Nevada City". This was his official reply.

When he stepped out from behind his desk, he asked if that particular piece of ore had come from the drain tunnel level of the Reward Mine. That if so, he could recall the shoot of ore on that level. That at one place in the tunnel he had to run by with his ore car as there was a large stream of water coming out from an ore shoot. Then he told his secretary that he would like to have a photograph made of the presentation and the party stepped out into the yard where a battery of forty cameras and two movie cameras were lined up. Pictures were taken of the entire group and also of the Prseident and Mr. Englebrignt which is reproduced above.

While the pictures were being taken ,Mr. Hover remarked that that piece of ore represented to him the most important turning point in his life because it was from the experience and practical knowledge he had gained from the mines here that had made it possible for him to progress ahead of other engineers that had not received the training with the practical miners of this locality. At that time the gold mines of Nevada county were the most up to date and advanced in methods of any of the gold mines of the world. He said that this piece of ore also recalled to him a very personal sentiment in the sore back and sore arms that he had endured for some months after starting in as he was just out of college and his muscles somewhat soft.

Then he said he had heard of the consolidation of the mines in Grass Valley and hoped that it would work out for the best interest interest of the communities. He remarked that he had never worked in a community where there was greater hospitality shown, where the people were more open hearted that in Nevada City.

Mr. Englebright said that he hoped that the President could return to the old scenes once more and he answered that he hoped he could at some future time. He said that there was nothing in his lifetime that stood out more vividly in his memory than his life in Nevada City. That his experience here stood out as one of the milestones of his career.

The presentation turned out to be one of the outstanding publicity events of the whole administrative year. Mr. Englebright was interviewed by representatives from all the leading Eastern newspapers and the event was featured in picture and story on the front pages of the metropolitan dailies. Its very human interest feature made it immediately of big news value and Nevada City received many columns of advertising as in no other way.

Speaking more personally, Mr. Hoover asked about the National Hotel and if the Rector boys were still running it. He also asked if Joe Fleming was still alive and recalled that one night when he roomed there, that he became quite sick and Mrs. Stansfield came in and helped nurse him. He remarked that he used to cut across lots to reach the mouth of the Reward tunnel to start work.

Nevada City now has one distinction that not many towns of this country can boast and that is in giving an ambitious young man a start in life that carried him to the pinnacle of statesmanship. Ohio has long boasted of being the birthplace of Presidents but Nevada City can lay claim to being the starter of Presidents. We are proud of President Hoover and prouder still that he has a warm spot in his heart for our little city which has played such an important part in shaping the history of California and of the nation with its famed gold mines.

ARCHIBALD IS IN EAST EXPECTING OPERATE SOON

With the departure of A. R. Archibald for the east Friday afternoon for New York City, things look promisising for big time developments in the rich Nevada Basin mining district in the next few weeks. With the final date for redemption of the Western Mines holdings closing following the year of grace allowed by law, things can now proceed without fear of interruption.

Mr. Archibald is confident of his ability to complet the financing of the big project which will require millions in investment when fully under way and will represent one of the biggest enterprises in gold mining in the history of California which state for years has provided the balance wheel in the marts of industry with her store of golden treasure.

Plans of the New England interests include the unwatering of the New England mine and opening up its ore shoots. The Banner and Central Consolidated properties are ready for developmet work, the extension of the Central tunnel in a few hundred feet should tap an immensely rich ore body under Banner Mountain which is virgin ground. No immediate plans are said to be contemplated for the Norambague property which is not a part of the correlated plan for opening up theNevada Basin mines.

The New England workings which intersect the famous Orleans vein system will nicely tie in with the proposition of opening up the four mile tunnel which has been Nevada City's dream for years, operating between the Champion and Banner Mountain properties.

The coming movements in the Nevada Basin will be watched with a great deal of interest by the mining world.

Read your mining news in Nugget

NOTED MONTANAN ON MINE INSPECTION TRIP

Francis Andrew Thomson of Butte, Montana, President of the Montana School of Mines and Director of the State Bureau of Mines and Geology, was a Nevada City visitor Saturday while on his way to Sierra City where he will make an examination of certain mining properties on behalf of outside interests who are contemplating the Sierra county field on a large scale.

Mr. Thomson spent some little time in The Nugget office checking up on data and material which was placed at his disposal and expressed himself as wonderfully pleased with our mineral resources and what has been accomplished in gold mining in the many years of our history. He has had long experience with the mining industry of Idaho and Montana in an official capacity. This is his first visit to this section of California. While here he took occasion to photograph the old bakery building where Henry Plummer, later king of the Montana road agents, held forth while in Nevada City as a baker and city marshal.

GASTON JUNE CLEANUP SHOWS OVER $5500

The June cleanup at the Gaston property above Washington, being operated by the Rescue Eula interests amounted to $5543.95, which came largely from development work, which is a very encouraging showing. The dump at the old millsite has also been worked through and shows fair values. General Superintendent Otto E. Schiffner, who has been confined to his home on Prospect Hill with a severe attack of typhoid fever, is reported as making good progress toward recovery, which will be welcome news to his many friends about the state.

George Pope was hurt at the Murchie mine Saturday night. Arm caught between skip and timber.

PLACER CHANNEL GOLD IS SOUGHT IN SOUTH FORK

The lease and option to purchase granted A. E. Place of Los Angeles by the owners of the combined South Fork and Bald Mountain mines has been optioned by him through J. Y. Ownbey of Los Angeles, to the Nevada Monarch Gold Mining Company. This company has placed Mr. Onwbey in charge of all work at the mines in Forest, and has commenced to reopen the ancient tunnels on these mines.

They propose to first open and exploit the buried placer channels knowa to exist on these properties, and then to sink a 500 foot working shaft on the Sixteen to One vein on the South Fork. and on the Osceola-Yellow Jacket veins on the Bald Mountain mines. The buried channels were prospected in 1885 and 1886 and exploited right up to the present property lines running from $2.50 to $10.00 or more per yard. The ancient records and ledgers as well as the old maps, some of them dating back to 1856 have been placed at the disposal of the new company's engineers by Mr. Place and will serve as a guide to the rich gravels.

The first deep shaft on the Sixteen to One ledge will be placed on South Fork ground, back of the town of Fores. It will be a vertical shaft of at least two compartments and it will cut the Sixteen to One vein at sufficient depth to tap the well known, highgrade gold horizons exploited in the upper levels of the Sixteen to One mine by Johnson and his immediate successors. The present bonanza in the Sixteen to One mine, which adjoins the South Fork mine on the south side of Alleghany ridge, lies about 3200 feet below the collar of the proposed shaft. It may be possible eventually to connect the workings of both South Fork and Sixteen to One mines and work them as a single enterprise.

HOPE MINING COMPANY LEASE WAITE PROPERTY

The Hope Mining Company headed by I. T. Shannon and P. L. Muckler has leased the Dawson City placer claim on Deer Creek below the Champion property from Ben F. and David Waite for a term of ten years from Dec. 1st 1928 with a five year renewal privilege.

MINING LOCATIONS ARE PLACED COUNTY RECORD

The following mining locations have been filed for county record:

Come Back Gold quartz by C. S. Osborne and John Whitford in Banner Mining District.

Gem quartz in Eureka Mining District by John E. Hippert.

Genevieve quartz by Theodore M. and Lester G. Poage in Eureka Mining District.

Automobile and Radio quartz claims in Grass Valley Mining District by Ray Looney.

Submarine quartz claim by Minnie Looney in Grass Valley Mining District.

Shady Creek placer claim in Cherokee Mining District by K. J. Phelan.

New Hope placer in Eureka Mining District by Robert Cline.

Jenny Wren No. 2, Montana Nos. 1 and 2 in Moores Flat Mining District by J. J. Conway.

DEMOCRAT MINE WORKS CREW BARYTE DEPOSIT

A crew of ten men is at present employed at the Democrat barytes mines which is owned by the Glidden Paint Company, the product being used in the manufacture of paint.An aerial tramway connects the mine with the Southern Pacific for shipping the product to Oakland. Wm. Maguire, Jr., son of Mr. and Mrs. William Maguire, is prominently connected with the operation of the property.

FRENCH CORRAL ITEMS

FRENCH CORRAL, July 13, (Specitl to The Nugget)— Well, after rather a lengthy "hot spell" the mercury has taken a drop, and the past few days have been "just right". But we of Nevada county should never complain, for no matter how hot the days, we know our never failing cool nights will follow, and bring comfort and reporse. Then just think of the good things we are enjoying in the way of "eats". Fresh vegetables of all kinds, and fruit, berries of all kinds, cherries, apricots, early peaches figs, and cream, pure rich cream, yes, and we hardly think it a luxury where dairying is a leading industry. Oh how we wish everybody lived right here with us, to share our good things!

Well, we will proceed to tell of how things have been going on for the past week.

Mr. and Mrs. P. H. Flynn of Nevada City visited friends last Friday. Mrs. Flynn is a native of the once busy little mining town of Birchville and most of her life has been spent in that place. Some years ago the family moved to Nevada City in order to give their children the advantages of high school, and in that place they have a very pretty home on Alexander street.

It is quite noticebale that all who have ever lived on the San Juan Ridge speak of that place as "Home". They always came "down home", "up home" or "over home". Well, no wonder ,for it surely is one of the best places on earth! And if we ever get our "water rights" settled many of our people will come back Home.

W. King has returned to resume mining operations here.

Richard Hardenbrook, who with his mother is visiting his uncle, Thomas Meyers, of this place made a trip to Grass Valley Friday. He was accompanied by his cousin; Helen Meyers, who is also here on a visit. On their return they brought their aunt, Mrs. Mary Mitchell, to spend a few days with them.

W. P. Clerkin and Harry Browning returned from Pike City Friday evening.

A forest fire broke out near Birchville Saturday a. m., and fity men were called into service to fight it. They had it under control by midnight. They thought everything safe Sunday, but it broke out again Monday and required the service of many men to subdue it. Despite all precautions those forest firse will come.

Mr. McGan and Mr. Gordon of this place have gone to work on the river for awhile.

Mr. and Mrs. Calvin Meyers and daughters, and Mr. Meyers mother, Mrs. J. Keating, returned to their home in Oakland Saturday night.

Mr. and Mrs. Fred Conner came up from Sacramento Saturday to visit their home in Sweetland for a few days, and also to be present at the regular meeting of the S. J. W. A. Sunday.

The regular meeting of the S. J. R. W. A. was held Sunday afternoon. A good attendance was present and important business transacted. Our chairman, Sam McCullough, could not be present on account of illness, but his serious illness has not lessened Sam's interest in the water question and he is still working hard for our interet. We are glad to state that he is improving a little.

Mr. and Mrs. Ray Smith of San Francisco and two babies, Normaa and Louella, came Sunday and will spend a few weeks in French Corral. Mr. Smith is one of our "French Corral boys" and always delights in "coming home".

The Clerkin home near this place was the scene of a happy gathering Sunday and it seemed their friends from everywhere "happened in" Mr. and Mrs. Hart of Grass Valley, who by-the-way were old time residents of North San Juan and Pike City, and their two daughters, Marian and Beatrice, and their husbands and children; Mr. and Mrs. Browning and family, Mrs. J. McCullough and two little daughters, Mrs. K. Sullivan and Miss Nelly Sullivan, Mr. Chris Buhl of Browns Valley, and others whom names we did not learn were all visitors. It seemed the center of traffic for a while with so many auto's parked around. Will and Millie Clerkin are so well known and the hospitality of their home is shared by so many, that when they depart for their mountain home during part of the summer their absence is keenly felt. People of their type are a valuable asset to any community.

A. Browning, H. Hoskins and W. P. Clerkin made a trip to Bowmans Tuesday to investigate conditions on the flumes and ditches of the Water Company.

Mrs. Woodbridge of Grass Valley is visiting her daughter, Mrs. H. Hoskins of this place.

W. Walsh and son of Browns Valley pased through with a herd of cattle Tuesday.

Mrs. G. L. Murphy and son, Anselmo and her daughter, Mrs. J. Reilly and grandchildren, Jean and Johnnie, visited relatives here Tuesday.

Richard Hardenbrook left for Oakland Wednesday having received a telegram to come and take a position there.

W. E. Moulton made a business trip to Nevada City Wednesday.

E. Harris, W. E. Moulton, Stanley Bice and Chas. Weinman made a trip to Gaston Thursday to investigate conditions of the Water Company's flumes and ditches.

Miss Millie Clerkin and Mrs. A. Browning made a trip to Auburn Wednesday.

Mr. and Riley Lewis and Mr. and Mrs. Clyde Kifkham have returned to their homes at Piru after a visit at the Kihkham home at Blue Tent.

Mrs. W. H. Curtis is making an auto trip to New York.

George F. Taylor was in town Saturday while on his way home from a business trip below.

Bert Guild has returned from a visit with relatives in Oakland.

Mrs. F. W. Medlin entertained her son Alfred and wife from Sacramento ovre the weekend.

Mrs. and Mrs. W. H. Davey and Mrs. Nellie Clark are spending two weeks in San Francisco.

George Hothersoll is entertaining his niece Mrs. B. E. Kinley of Oakland.

Mr. and Mrs. Jack Wolff and family spent the weekend in Oakland.

Miss Alice Collin sis making a vacaition trip to Palo Alto.

SIERRA COUNTY MINING

If the process of treating large bodies of low-grade ore by flotation process is successful, which is being determined at the Gray Eagle Mine by Gordon M. Bettles, general manager, then the development of that property will be one of the biggest projects undertaken in Sierra county.

The Primrose Quartz Mine, in Hog Canyon, above Sierra City, started gold producing property in this coundropping five stamps. This is an old producer, consisting of nine claims, and Seattle capitalists are the present operaotrs. Mr. A. Seibrecht is the owner of this property.

The Showstorm Quartz Mine, situated on the right rim of the crater enclosing Salmon Lake, is carrying on development work that is producing satisfactory results. The tunnel is in 500 feet and the showing thus far is very encouraging to the present operators of this property, who bonded it last fall. The season at this altitude is a little late, water having been a handicap up to the present time.

Ross F. Taylor and Lavier Thomas left Tuesday for Gibsonville and Whisky Diggings on a surveying trip. The Taber Development Company at Gibsonville is having the old Taber Mine surveyed preparatory to the reopening of that property. At Whiskey Diggings Taylor and Thomas will survey the Ironbound Mine for Wm. S. Brown. This is a hydraulic property, which is making preparations to resume operations.

The Original 16-to-1 Gold Mine at Alleghany, said to be the richest gold producing property in this country, is destined to be also one of the deepest mines, if Superintendent Maxwell's theories prove correct. Mr. Maxwell is a real prospector, who has original ideas and the daring to carry them out. The work of shaft sinking has progressed to a depth of almost 3000 feet and still going down. This mine is being developed on a large scale, 90 men being employed, and the work of prospecting does not in any way interfere with production work.

There are four men at work at George McGee's Italian Diggings Placer Mine on Howard Creek, on the summit. This is a drift mine and development work is going steadily forward opening up new drifts. The showing made thus far is very satisfactory.

The Monarch Mine, located about five miles northwest of Sierra City, is under negotiations by Burkhard Investment Company and the Occidental Insurance Company, it is reported. This is an old property, which produced heavily more than forty years ago, but which has been dormant for a long time. Work on this group, consisting of 43 claims, is to begin jusa as soon as the deal is fully consummated, fifteen men having already been engaged, it is said. Jack Lee is to be in charge as superintendent. There is a 330-foot shaft, which will be sunk 250 feet farther to the ledge, and more men will be added as the work progresses. It is said the new operators of this property have unlimited capital with which to repoen this mine and that it will be developed on a large sacle. This is one of the really important developments in the mining industry to take place in this county for some time.—The Messenger.

MALE HELP WANTED

Reliable man wanted to run McNess Business in Nevada county. $8 to $12 daily profits. No capital or experience required. Wonderful opportunity. Write today. FURST & THOMAS, 426 Third St., Oakland, California. 7-8-15*

TAXABLE VALUES SHOW DECREASE IN COUNTY

According to the returns of County Assessor Henry C. Schroeder completed the past week and submitted to the board of supervisors sitting as a board of equalization, there is approximately half a million dollar decrease in taxable values in Nevada county for the concurrent year which will doubtless mean an increase in the tax rate unless the board can find a way to lop off some of the budget which has been presented by the county office of in some other directions. The total property value of the county is just under ten million dollars but the non-oprative property on which the county cllects taxes is $6,266,395, whereas the past year it was $6,774,655. The decrease is largely due to the NID contractors having no equipment in the county this year.

Nevada City shows a decrease from $744,435 to $713,695.44. Grass Valley decreased from $1,502,325 to $1,485,695. Nevada Township fell from $439,580 to $421,430. Grass Valley Township drecreased from $1,652,155 to $1,279,250. Ordgeport Township increased from $111,680 to $112,790. Washington Township decreased from $145,550 to $130,140. Eureka Township decreased from $172,195 to $159,265 Bloomfield gained $50 from $99,815 to $99,865. Meadow Lake Township decreased from $1,172,215 to $1,139450. Little York Township decreased from $114,365 to $114,160. Rough and Ready Township decreased from $620,340 to $610,655.

With the revival of mining interest the figures in the next few years should take a turn for the better. The removal of thousands of dollars from the tax rolls by reason of the properties acquired by the irrigation district will be some years in getting back to normal.

Mrs. W. L. McFaddei of Applegate and Mrs. Stephen Eden of Lower Lake visited Mrs. Charles Eden recently. Their husbands attended the celebration of the Fourth of July in Grass Valley.

W. W. Letzer, superintendent of the Sierra Buttes mine, was a business visitor in Nevada City early in the week.

CALLAHAN HYDRAULIC IS NOW BEING EXPLOITED

A complete examination by test pits and actual sluicing operations of the Callahan hydraulic gravel mine owned by Fred Beaudry's widow, is now being carried out by Pierre Bouery the well known former manager of the La Grange mine for eastern clients of Mr. A. E. Place, mining enigneer of Los Anlgees. If satisfactory immediate operations will be started. There will be no shares offered the public, the vendees will operate as close corporation. Sufficient funds for a large scale development program have been placed at the disposal of Messrs. Place and Bouery. The gravel is said to run better than 20c a yard and costs are estimated at less than 10c, with ample water for large yardage per day. These properties lie on the South Fork of Scott river outside the gold bearing area closed to enterprise and capital by the irreconcileable Sacramento valley farmers.

Miss Kate Kinkead, manager of the Nevada City office of the Pacific Telephone and Telegraph company, was at Sacramento to attend a meeting of chief operators.

Miss Margaret Smittcamp is in Smartville visiting Miss Retha Downey for a few days.

L. L. Poates of Los Angeles spent a few days visiting Buck Brothers ranch on Orleans Flat.

Mr. and Mrs. Jasper Deering of San Francisco spent some time here as guests of Mr. and Mrs. John Whitford. Mr. Deering is a lieutenant in the city fire department.

W. P. Clerkin and N. B. Bishop of French Corral were business visitors in Nevada City Monday.

Mr. and Mrs. A. S. Lord had as visitors their son, Hartley S. Lord, and family.

Tommy Treverrow, who is blacksmith at the Twin Sister's mine, was a visitor in Nevada City over the Fourth.

Hugh T. McNeil of Goodyears Bar passed thru Nevada City early in the week enroute to Mare Island for medical treatment.

IMPORTANT INFORMATION FOR AUTOMOBILE-OWNERS

On August 14th, 1929, the new Automobile Financial Responsibility Law goes into effect. Should you be unable to pay a judgment entered against you under a Public Liability or Property Damage Claim, within 15 days after the entry of judgment your license to drive an automobile in the State of California will be forfeited, and will not be re-instated until the judgment is paid.

For full information regarding this law and how you may protect yourself call, write, or phone—

Mr. and Mrs. Carl A. Libbey and children, Mary and Ruth, returned to their home at Eureka Sunday. Mrs. Libbey and children have been visiting her parents, Mr. and Mrs. W. G. Richards, for some time. Mr. Libbey came down and returned with his family.

Ralph Thomas of Birchville came down Monday enroute to Omega where he will be employed at the mine.

Miss Bernice Edene left last Sunday for San Francisco to enter the Munson Secretarial school. She is a gradnate of the class of '29 of the Nevada City high school.

Beryl, young daughter of Mr. and Mrs. Anthony Godfrey, was cut in a barb wire fence early last week and if was necessary to take several stitches in her limbs.

SAME PRESCRIPTION HE WROTE IN 1892

When Dr. Caldwell started to practice medicine, back in 1875, the needs for a laxative were not as great as today. People lived normal lives, ate plain, wholesome food, and got plenty of fresh air. But even that early there were drastic physics and purges for the relief of constipation which Dr. Caldwell did not believe were good for human beings.

The prescription for constipation that he used early in his practice, and which he put in drug stores in 1892 under the name of Dr. Caldwell's Syrup Pepsin, is a liquid vegetable remedy, intended for women, children and elderly people, and they need just such a mild, safe bowel stimulant.

This prescription has proven its worth and is now the largest selling liquid laxative. It has won the confidence of people who needed it to get relief from headaches, biliousness, flatulence, indigestion, loss of appetite and sleep, bad breath, dyspepsia, colds, fevers. At your druggist, or write "Syrup Pepsin," Dept. BB, Monticello, Illinois, for free trial bottle. ●

PERSONAL MENTION

Mr. and Mrs. W. B. Kane and children of Los Angeles are visiting her two sister, Mrs. Osborne of Nevada City and Mrs. Reuter of Grass Valley.

Miss Ada Rich, city water collector, accompanied ner sister and brother in law, Mr. and Mrs N. J. Rohr, to their home in Watsonville for a vacation.

Mike Denicke, Mr. and Mrs. Kern Fogarty and two sons of North San Juan were in Nevada City early in the week.

W. A. Doctor, formerly connected with the Building and Loan Association in Nevada City, spent the week end here with his family. He is now in the Buliding and Loan Association office in Sacramento.

CAMPTONVILLE PERSONALS

A quiet Fourth of July was spent in this section; the community being full of former residents and others coming back to spend their vacation among the pines in the cool climate.

Two events held the day of the Fourth, a picnic held forth near the Oak Valley saw mill where an afternoon of rest and lunching was enjoyed. A big raviola dinner was enjoyed at the Zerga home at Oak Valley, a number of relatives having come up for the Fourth.

Miss Florence Humphrey came over from Mill creek Tuesday and spent two days visiting Mr. and Mrs. Eugene H. Hays.

Mrs. F. S. Labadie made a visit to Downieville Sunday.

Frank Bobb passed through town Wednesday from Sweetland enroute to Bald Top mine.

Raymond Fogarty of North San Juan was in town Tuesday.

Bud Woods of Pike was in town Tuesday.

William Groves returned Sunday from Sierra City where he spent a few days visiting his mother.

Rev. H. H. Buckner, pastor of the Methodist Episcopal church at Nevada City, was in town Tuesday, giving an illustrated lecture at the Hotel Francis for the local schools.

Mrs. Mary A. Ramm of San Francisco arrived a short time ago on a visit with friends in this section.

Mr. and Mrs. Charles A. Strandberg and party of Oakland were in town Monday on a short visit to their old home.

Mr. and Mrs. Thomas Baldwin and granddaughter and William Burns returned a few days ago to the Halkyard mine after a few days visit to Modesto.

Chas. Jones of Sweetland was in town Monday.

Arthur Gilmore and Edwin Godfrey of Pike City were in town Sunday.

Fred J. Joubert, Miss Lesta H. Jonbert, James L. Jodbert and Mrs. Acton M. Cleveland motored to Auburn Sunday, returning in the evening with Mrs. Virginia M. Lord, who will spend a week visiting relatives here.

George Wayman of Pike City was in town Friday.

Mr. and Mrs. Joseph Lavezzola of Downieville passed through town Saturday from North San Juan enroute to their home.

Henry Smith of Roseville passed through town Saturday enroute to his home after several days' visit with friends at Downieville. Smith used to be a teamster and stage driver of this section.

Robert Beame of Pike was a visitor Saturday.

The Fiddle Creek fish hatchery has been shipping out a quantity of young trout during the past few weeks, stocking the nearby streams and lakes.

Mr. and Mrs. Eugene H. Hays and family motored to Browns Valley to spend the week end.

Mrs. Robert Paine arrived Saturday as the week end guest at the Joubert home at Oak Valley, returning to her home at Nevada City Sunday.

Mrs. Kate Hope Livingston retunred Saturday from Berkeley after spending a week visiting there.

Mrs. Chas. A. Stone left Saturday for her home at San Francisco after spending several weeks visiting her parents, Mr. and Mrs. S. J. Fraser.

Loren Yore of Oakland arrived Friday and is on a short visit with his uncle, James Yore of Sleighville House.

Mr. and Mrs. Levi W. Turner motored to Nevada City Friday.

Pete Cassani and cousin of San Francisco arrived a few days ago and are visiting the Zerga family at Oak Valley.

Joseph Halkyard left Friday for Emigrant Gap after spending a few days visiting here.

The Nevada County Development Association furnished the ice for the fish plating last week. Trucks and machines were furnished by Elner Fischer, Tom Torpie and Charles Leiter. Nearly half a million rout fry were liberated in nearby waters.

Shattuck Leiter of Oakland is here visiting his father C. W. Leiter, and wife.

Among those attending the funeral of the late Robert Gates were: his sister, Mrs. Russel; his niece, Mrs. Ben Veale and husband; and Charles Steffen.

Judge F. A. Austin of Alleghany was in Nevada City over the week end.

Dr. U. H. Stuart, while at his mining claims near Phelps Hill, grew a full beard and many of his friends had a hard time recognizing him.

CHEROKEE PROSPERS

CHEROKEE, July 13, (Special to The Nugget)—Mr. and Mrs. F. Frost of the Siberia mine returned from San Francisco Friday where they were on business about the Siberia mine. While there Mr. and Mrs. Frost attended the new five thousand dollar theatre, named the Fox. They found San Francisco as hot at at the Siberia mine.

Mr. and Mrs. George Murphy and daughter, Mrs. Rilley and little daughter and Mr. and Mrs. Murphy's little grandson were visiting friends here Sunday.

Mr. P. H. Brophy of San Jose was visiting his sister, Mrs. W. H. Hustler of Columbia Hill also the O'Connor family of Birchville. Mr. Brophy likes to visit his old mountain home every summer.

Mrs. M. Campbell, Mrs. W. H. Hustler, James Coughlin and P. Johnson were business visitors in Nevada City Wednesday.

Mrs. F. Puller of Dunsmurr was visiting her parents Saturday and Sunday. She made the trip by auto. Misses Carmel Phelan and Mary Puller and Everett Puller are here visiting their grandparents, Mr. and

Mrs. T. J. Phelan and three sons went back with Mrs. Puller. They will reside in Dunsmuir where Frances Phelan has gone to work for the Southern Pacific Company, as assistant plumber.

James Phelan went to Represa a week ago Monday after his aunt, Mrs. R. Maitland. She is visiting her brother, T. J. Phelan of Shady Creek.

E. Frost and wife, and Walter and Tom Bigelow, all of the Siberia mine were business visitors in Nevada City Tuesday.

Joe Swazey of French Corral is a visitor here.

Mr. and Mrs. R. McNamara of Cherokee were visiting the Murphy family at their summer camp at Montezuma Hill, one day this week.

H. Dorichi of Grass Valley was a visitor here Tuesday.

Mrs. James Phelan and mother, Mrs. T. J. Flynn, were visitors in Nevada City Wednesday.

C. Salmon of the Salmon mine was a business visitor in Nevada City Wednesday.

Mrs. James Phelan's school closed th e21st of last month. She gave an entertainment and the children all carried out their parts well. All the visitors enjoyed it. Home made candy was served after the entertainment.

GRASS VALLEY WOMAN FOUND GUILTY SELLING

Mrs. Bona Bassinelli, who carried the charges against her to selling of intoxicating liquor and of contributing to the delinquency of a minor, to superior court, instead of taking her midicine at the outset finds herself ordered to pay a fine of $1000 and to remove herself from the county within thirty days as the result of a jury trial in superior court the past week.

After the jury had brought in a verdict of guilty on both counts in a short time, the defendant still swore she had not sold the stuff. She recently paid a fine of $250 and her husband one of $500 on liquor charges in justice court. She raised$988 with a credit of two days in the bastile.

The prosecution was handled in a masterly manner by District Attorney W. E. Wright.

GRASS VALLEY SCHOOLS HIT

The sharp reduction in the property valuations in the Grass Valley school district will crimp the educational program there for some time. The fact that 73 per cent of the taxable property comes within that district will make for some rigid economies. An increased tax rate will be necessary.

Mrs. Stanley Watson and children are here from Butte, Montana visiting Mrs. David Oates.

R. H. Champion came down from Alleghany to spend the Fourth with his family.

Miss Grace Sullivan came up and spent the week end with her parents ,Mr. and Mrs. A. Sullivan.

Lawrence Woods was a Sacramento business visitor Friday.

NORTH SAN JUAN ITEMS

NORTH SAN JUAN, July 13, (Special to The Nugget)—Hawley Kessler and Mr. Moffit of Santa Barbara are spending a week here on mining business.

John Schnellman of Pike spent several hours visiting friends.

Edward Velasco of Willows is spending several weeks visiting relatives.

K. J. Fogarty and sons, Raymond and Norman, went to Nevada City Tuesday.

Mrs. I. W. Musfield and son, Homer, and Mrs. W. Bynon were county seat visitors Thursday.

Mrs. J. J. McCullough returned home after a several days visit at

Jean McCullough, ill McCullough, Miss Dorothy Stanton and Miss Hazel Phillips returned to their homes after a week's visit with relatives and friends.

Mr. and Mrs. E. H. Ingraham spent Wednesday in Nevada City and Grass Valley on business.

William Moulton and Frank Harris went to Dutch Flat Wednesday.

Abe Lohman of Camptonville is spending several days here haying.

Sam McCullough, who has been ill for several days, is somewhat improved.

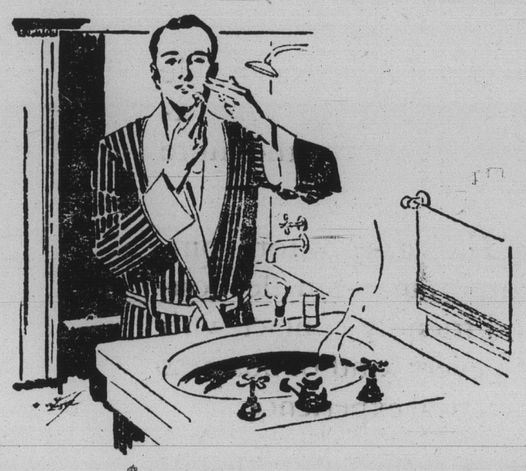
Mrs. Frank Wood and son, Carl, of Sweetland spent Wednesday at Freeman's Crossing with friends.

Hawley and Gordon Kessler, Will McCullough and Mr. Moffit left the first part of the week for Colfax on mining business.

George Cook and Will Snooks, who have been doing assessment work near Downieville, returned this week.

Alec Scott and sister, Miss Edith, spent Wednesday in Sacramento.

Men like hotels and clubs because they get INSTANT hot water



Every thoughtful wife can have automatic hot water service at home. Then it is easier to keep things sweet and fragrant. Each week you can have 4 to 6 hours more time for motoring, shopping or outdoor sports.

There is no need of watching the automatic gas water heater. You can have hot water day and night. It costs less than one-fifth of a cent per gallon—the lowest cost of any method for heating water in the home.

Details on replacing your old water heater with a new automatic gas water heater can be obtained at a dealer's store or by calling at our local office.

SUMMONS

In the Superior Court of the State of California, in and for the County of Nevada.

ANDY DONCO, Plaintiff,

vs.

W. W. TRIGG, FIRST DOE, SECOND DOE, THIRD DOE, FOURTH DOE, FIFTH DOE, SIXTH DOE, SEVENTH DOE, EIGHTH DOE, NINTH DOE and TENTH DOE, Defendants.

Action brought in the Superior Court of the State of California in and for the County of Nevada, and the Complaint filed in the office of Clerk of said County of Nevada.

W. E. WRIGHT,
Attorney for Plaintiff.

THE PEOPLE OF THE STATE OF CALIFORNIA SEND GREETINGS TO:

W. W. Trigg, First Doe, Second Doe, Third Doe, Fourth Doe, Fifth Doe, Sixth Doe, Seventh Doe, Eighth Doe, Ninth Doe, Tenth Doe, defendants:

You are hereby directed to appear, and answer the complaint in an action entitled as above brought against you in the Superior Court of the State of California in and for the County of Nevada within ten days after the service on you of this Summons—if served within this county; or within thirty days if served elsewhere.

And you are hereby notified that unless you appear and answer as above required, the said Plaintiff will take judgment for any money or damages demanded in the complaint, as arising upon contract, or he will apply to the Court for any other relief demanded in the complaint.

Given under my hand and seal of the superior court of the State of California in and for the County of Nevada, this 23rd day of February, A. D., 1929.

GEORGE COUGHLAN,
Clerk.
By R. N. McCormack,
Deputy Clerk.

IRRIGATION DISTRICT SUIT IS CONTINUED

Superior Judge Edward W. Engs of Sierra county presided in superior court Friday in the suit of J. A. Fairchild against the Nevada Irrigation District relating to the desired exclusion of certain lands in the boundaries of the district. The hearing was largely given over to the hearing of technical arguments between councel. The motion by the district's attorney to have the case thrown out of court was dismissed and the demurrer submitted by attorneys for the plaintiff was overruled. The hearing was adjourned to July 22nd.

L. Garibaldi of Cherokee was a Saturday business visitor.
